6 Months in!

Since ARK Project Management commenced in the first quarter of this year, the company has begun to establish itself in the Adelaide construction market. Providing high level project management support on a range of construction projects.

Work Completed through (SKM) Sinclair Knight Merz

ARKPM has primarily been involved in the following projects:

- Providing continued Project Management Support for the **ASC shipyards construction project**, assisting ASC with the construction of their new facility at Osborne, Outer Harbor as part of the \$6Billion AWD (Air Warfare Destroyer) program.

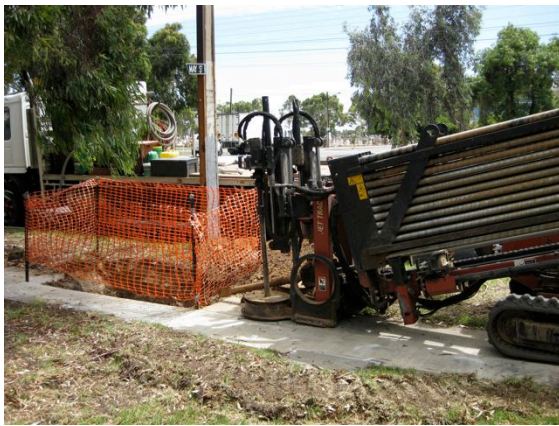

Warehouse and Pre-out Building

Administration and Tank Farm

- Providing superintendence services to **SABRENet (South Australian Broadband Research and Education Network)**. Construction was completed on the connection from Port Road through to the new Maritime Skill Centre, part of the Techport precinct at Outer Harbor Port Adelaide.

Directional Boring on conduit

Conduit haul

- Providing design management services for **DTEI (Department of Transport, Energy and Infrastructure, SA)** for the detailed design of the section of track from Ascot Park through to Jetty Road Brighton, as part of the Rail Revitalization project.

Through (APD) Adelaide Professional Divers

- Providing tender preparation services, supporting apd's successful tender submission to Flinders Ports for the Berth 6 cathodic protection instillation project.

Accreditation -AIPM (Australian Institute for Project Management)

Andy Kitchin achieved accreditation at the level of **CPPM (Certified Practicing Project Management)**, complimented by a Diploma in Project Management (DipPM) – providing further credentials to compliment his broad range in construction project management experience.

The next 6 months

Prospects in the Adelaide market are looking good with Adelaide fairing well despite the current world economic crisis. ARKPM looks to continue to provide value for money project management services to its expanding client network.

ARKPM is looking forward to generating continued business growth and potential expansion as the construction market begins to pick-up in the New Year. ARKPM believes itself to be well positioned to develop an ongoing positive reputation for providing professional project management services.

Please review the updated ARKPM website @ www.arkpm.com.au to review the latest information additional details on the above projects and ARKPM contact details.
